2nd World Congress on HIV AIDS STD and STI

Addressing the Recent Advancement in HIV Preventions and Care

September 09-10 2019  |  Bangkok Thailand
Past Conference Overview

Cenetri Publishing Group successfully hosted World Congress on HIV AIDS STD and STI at Valencia, Spain during April 23-25, 2018. Talks and discussion focused on the theme of “Integrative Approaches towards HIV Prevention” and it was a great success with a positive note, encouragement and support from all our participants we are proudly announcing 2nd World Congress on HIV AIDS STD and STI during September 9-10, 2019 at Bangkok, Thailand.

Invitation

Centri is delighted to invite all intended participants to attend “2nd World Congress on HIV AIDS STD and STI” scheduled on September 9-10 at Bangkok, Thailand. STD-HIV AIDS Congress 2019 is a unique and open platform to discover and gain the knowledge in the field of Life Science. The conference brings together Professors, Researchers, Scientists, Practitioners, Health Care Experts, Public Health Professionals and Students from all the zones of Medical Sciences. It will offer an exciting scientific program, composed of Plenary Lectures, Poster Presentation, Workshops and Abstract-driven sessions presenting the latest research in the field of HIV/AIDS. Furthermore, STD-HIV AIDS Congress 2019 conference will also provide an opportunity for younger investigators to participate actively and present their research.

Scope & Importance

Sexually transmitted diseases are a global level health issue with ongoing research and development for therapies and drug for prevention and treatment of sexually transmitted diseases. STDs cause serious health complications such as infertility in both men and women, ectopic pregnancy, pelvic inflammatory disease, stillbirth, neurologic damage, cancer and high morbidity in adults. There are about 20 million new STD infections each year. As per WHO report in 2015, about 1.1 billion people had sexually transmitted diseases other than HIV/AIDS. About 500 million people were infected with either chlamydia, gonorrhea, syphilis or trichomoniasis. At least 250 million women suffering from human papillomavirus while 530 million case find with genital herpes. Physicians and health-care providers play a key role in prevention and treatment of STDs. The worldwide STD diagnostic market was valued at over USD 100.0 billion in 2014. The advancements in STD diagnostic technologies offers more precise test results which contributes to the rise in the market value of STD diagnostics industry. Low voluntary screening rate for sexually transmitted diseases is a major restrain for this market. STDs diagnostic market was USD 103.20 billion in 2015 and is expected to reach around USD 166.50 by 2021, growing at a CAGR of about 8.3% between 2015 and 2021.

Among various therapies, the generally used modern treatment for STDs are antibiotics. The global STD drug market is expected to show constant growth due to the high prevalence of sexually transmitted disease in recent years. The high health risk associated with the disease increases the need for diagnosis, prevention and treatment for the sexually transmitted diseases. The patient's willingness to opt for advanced treatment will boost the global drug market value of the sexually transmitted diseases. Improvement in the health-care worldwide and rising per capita income are the major components which drives the health-care reform supporting STD diagnostic industry growth. HPV infections constitute 5,00,000 cases/year of which 80% are reportedly from developing countries. The rise in incidence of various infections such as syphilis, chlamydia, gonorrhea, human papillomavirus, herpes simplex virus, chancroid and trichomoniasis is expected to increase the demand for drugs globally. Companies playing major role in the global sexually transmitted diseases drug market are Pfizer INC, Hoffmann La Roche, Bayer Healthcare, Eli Lilly, Johnson & Johnson, Bristol-Myers Squibb Co. AbbVie, Inc., Gilead Sciences, GlaxoSmithKline Plc, and Merck & Co., Inc.
STD-HIV/AIDS Market Forecast:

According to Global Data, Sexually Transmitted Disease Market is expected to grow at a CAGR of 8.7% through the forecast period (2017–2022). A group of illnesses that can be transmitted from one person to another through the sharing of body fluids, vaginal fluids and blood is known as STD (Sexually Transmitted Diseases). Technavio's analysts forecast the global sexually transmitted disease testing market to grow at a CAGR of 5.64% over the period 2013-2017. The global STD diagnostics market added up for almost USD 103.20 Billion in 2017 and is likely to cross almost USD 166.50 by end of 2022, developing at a CAGR of almost 8.7% from 2017 to 2022.
HIV Drug Market Analysis:

Human immunodeficiency virus (HIV) is one of the most infectious diseases with around 36.7 million people suffering by the end of 2015, according to The Joint United Nations Programme on HIV/AIDS (UNAIDS). Global HIV Drug Market was valued at $20,448 million in 2015 and is expected to garner $26,458 million by 2022. In 2017 the global HIV drugs market exceeded a value of US$ 17 Billion. Looking forward, the market value is expected to reach nearly US$ 21 Billion by 2023, expanding at a CAGR of more than 3% during 2018-2023.

HIV Infected Death Rate:

The ratio between deaths and individuals living with HIV in the year 2017 is 56% were accessing treatment. Out of those, 47% were virally suppressed. Tuberculosis (TB) remains the primary cause of death among people living with HIV. In 2017, 0.9 million individuals died from AIDS-related illnesses worldwide, compared to 1.9 million in 2004 and 1.4 million in 2010. AIDS-related deaths have been decreased by more than 51% since the peak in 2004.
Tentative Program

Day-1- September 9, 2019

Morning
- 08:00-09:00 : Registration
- 09:00-10:30 : Opening Ceremony and Introduction
- 10:30-11:00 : Refreshments
- 11:00-12:30 : Keynote Session I and Keynote Session II

Afternoon
- 12:30-13:30 : Lunch with Table Discussions
- 13:30-15:00 : Oral Presentations I

Evening
- 15:00-15:30 : Coffee Break
- 15:30-18:00 : Oral Presentations II

Day-2- September 10, 2019

Morning
- 09:00-10:30 : Keynote Session III and Key Note Session IV
- 10:30-11:00 : Refreshments
- 11:00-12:30 : Oral Presentations III

Afternoon
- 12:30-13:30 : Lunch with Table Discussions
- 13:30-15:00 : Poster Presentations I

Evening
- 15:00-15:30 : Coffee Break
- 15:30-18:00 : Oral Presentations IV

Day-3- September 11, 2019

**Reasons to attend**

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning In a New Space
- Break Out of Your Comfort Zone
- Greater Focus
- Learn skills and stay up-to-date.
- Educational opportunities

**Scientific Tracks for the Conference**

You are invited to submit your paper on the following suggestive tracks (Tracks are indicative but not exhaustive; you may include topics of your original research and findings from live business scenario)

- Novel findings on virology & immunology
- HIV/AIDS and clinical studies
- Sexually transmitted diseases
- Hormonal contraceptive and HIV
- STD and Infertility
- Gender inequalities and HIV
- Universal access to HIV/AIDS prevention, treatment and care
- HIV-Related Conditions (Comorbidities, Complications, and Coinfections)
- Bacterial, Viral and Parasitic STDs & STIs
- Adolescent and Pediatric HIV
- Current Focus in Virology Research
- AIDS stigma and discrimination
- Awareness and knowledge on HIV/AIDS, STDs and STIs
- Lived experience of HIV
- HIV and AIDS Nursing Care Management
- Pediatric HIV/AIDS

- Advancements in HIV& AIDS
- HIV and Retroviral Diseases Affecting Afro-Asian Continents
- HIV Drug Discovery and Research
- Venereal Diseases Prevention and Treatment
- HIV and cardiovascular disease
- HIV and bone damage
- HIV and aging
- HIV in women
- Global Epidemiology of HIV/AIDS, STDs, and STIs
- HIV Diagnosis and Therapy
- Viral Immunology and Vaccines development
- Social and Political Research, Law, Policy and Human Rights
- Implementation Research, Economics, Systems & Synergies with other Health and Development Sectors

**Call for papers**

There are 3 streams of paper acceptable for this conference, namely:

**Stream 1 Academic Papers:**

Academic papers may be either conceptual papers which are developed by strong arguments and new theoretical perspectives on the themes of conference or Empirical papers which should be short and focused on literature review to justify the need for the study and develop the hypotheses, explain the methodology, present the data and their analysis, draw appropriate conclusions.

**Stream 2 Reflective Papers:**

These are paper by practitioners (entrepreneurs, executives, consultants, policy makers) based on systematic reflections on their experience.
Case studies should highlight the unique aspects of research which included objective, Aim, Methods & Research, Result & Conclusion.

**Submission Guidelines**

Speaker should ensure that the abstract publication has been approved by all other coauthors. All abstracts must be written exclusively in English (including the title, abstract text, author names and affiliations). Please provide the presenting author’s contact details including full mailing address, office phone number and email address.

**Poster**

The lecturers, students, postdoctoral fellows are invited to present their work in the poster session during the conference.

**How to Submit:**

- Please submit your abstract to erose.cenetri@gmail.com
- Submit Your Abstract Of Not More Than 250 Words, Please Download The Abstract Template (The Format Will Help You To Submit Your Abstract, Therefore You Are Requested To Follow The Format Carefully For Your Abstract Submission).
- Please Send A Brief Biography Together With The Abstract.
- Submit Before The Submission Deadline In Order To Benefit The Early Bird Rates

**Visa Matters**

Visitors holding non-European Passports may require a visa. For more information, please check with the Embassy in your respective countries. The Conference committee will issue Letters of Invitation for the conference, ones your registration is successful, this can be used for obtaining visas. However, we will not be able to provide any further assistance with visas.
*Offering 20% discount to Women Participants as a special appreciation to Women in Medicine.

The fee is non-refundable in all circumstances. The registration fee includes admission to the conference, lunch and tea for the conference days, souvenir and conference kit for the participants it doesn't include travel or accommodations.

In case of joint authorship with two or more authors, all authors have to compulsory register for the award of certificate, participation in conference and kits including proceedings.

There is no concession on more than one authorship. In case of joint authorship of research fellow with guide, both the authors have to compulsory register for the award of certificate, participation in conference and kits including proceedings.

**Conference Registration & Fees**

All participants should register for the conference by completing the Registration Form which is given separately with the brochure and is also available on the conference website.

Explore Bangkok, Thailand

Bangkok is one of the world’s top tourist destination cities. MasterCard ranked Bangkok as the top destination city by international visitor arrivals in its Global Destination Cities Index 2016, ahead of London with more than 21 million overnight visitors. Euro monitor International ranked Bangkok fourth in its Top City Destinations Ranking for 2016. Bangkok was also named “World’s Best City” by Travel + Leisure magazine’s survey of its readers for four consecutive years, from 2010 to 2013.
